Commissioners to Discuss Sharing Cost of Probation Officer, Hold Budget Hearing At Monday Meeting

Jones County Commissioners, when they meet in their regular monthly session Monday, will be asked to approve a tri-county plan which will provide the county with a probation officer to meet the requirements of a new law.

At a meeting in Abilene last week, County Judge Leon Thurman, Taylor County Judge Roy Skaggs and Judge Byron Richardson of Callahan County worked out a proposal whereby Jones and Callahan counties would share the cost of Taylor County probation officer, Richard Keathley.

The proposal calls for Jones and Callahan counties each to pay \$50 a month until Jan. 1, with this money being used to employ secretarial help for Mr. Keathley. It was felt that the present officer could look after the added probationers until the first of the year with this help.

A law became effective on Aug. 30 which called for an adult probation officer in misdemeanor cases. On Jan. 1, another law will become effective, this one calling for a probation officer in felony or district court cases also.

It was estimated that work of the probation officer would

become much heavier at this time and an assistant likely would be needed. Total cost of the two officers would run an estimated \$12,000 to \$15,000. This cost would be divided among the three counties on the basis of population, Judge Thurman explained.

Using this formula, Jones County would have to pay 15.4 per cent of the total; Callahan, 6.18 per cent, and Taylor, 78.78 per cent. This would mean, based on the \$12,000 figure, that Jones County would pay \$1,800 per year. There may also be a matter of travel expenses, the judge said.

Bridge Winners

Jack Russell and Mrs. W. O. Wilbanks were first place winners at the Tuesday evening meeting of Hamlin Duplicate Bridge Club. Harvey Elkins and Mrs. Jack Russell were second and Mr. and Mrs. Cliff Reynolds Jr. were third.

Carolyn Sue Hines, 425 N. W. Ave. B saw one of the wonders of the world recently on a guided tour which extended over 750 feet underground at Carlsbad Caverns National Park in New Mexico.

P-TA to Hold First Meeting Tonight At 7:30; Faculty to Be Introduced

The first meeting of the Hamlin Elementary Parent-Teachers Association will be held tonight (Thursday) at 7:30 p.m. in the primary cafeteria. The program will feature entertainment by Bill Keck and will be followed by a "Get Acquainted Hour" when parents will have an opportunity to meet members of the faculty.

Mrs. Harold Johnson, association president, will preside.

Mrs. Robert Fowler, membership chairman, will have a table set up at the meeting and will be taking membership fees.

The Thursday night meeting will precede the annual membership drive which opens Friday, Sept. 10, and continues through Sept. 17. Everyone is being urged to become a member of P-T A and take an interest in its activities. Membership is 50c per per-

son. Every member is entitled to vote on all proposals.

The organization has two ways to raise money for their many worthwhile projects that aid students in school. The membership drive is held early in the school year and the magazine subscription drive is held later in the fall.

The membership drive is a competitive contest between rooms of each building with cash prizes of \$6.50 for first place and \$3.50 for second place in each building.

Ronny Dale Lee, son of Mr. and Mrs. J. H. Lee, has enrolled at Cisco Junior College for the fall semester.

Pipers Going for Second Win; to Host Olney Fri.

The Pied Pipers came out of their 18-6 skirmish with Rotan Friday in good physical shape, according to Coach Joe Youngblood, and are preparing to host the Olney Cubs here Friday night in their first home game.

Youngblood told the Booster Club Tuesday night that the boys had their best workouts of the season this week.

Youngblood made two changes this week in his starting lineup used last week, moving Terry Sutton and Gary Woolf to the offensive tackle positions.

The Pipers are expecting a tough opponent in Olney who defeated Albany Friday night.

They operate from the slot formation with a 147 pound halfback, David Furr, as their biggest threat. They can also

With their speed they are good on punt and kickoff returns, returning three punts Friday night for 125 yards.

FAIRVIEW NEWS

By Mrs. Elmer Joiner
The last holiday of the summer has come and gone, everyone will be settling down to the fall grind now, children will be in school, harvest time will soon be here for the farmers. From the way it looks now that will not be too bountiful, but the less you make the more important it is to you.
No rain has fallen yet, at least those needing to plant winter grazing could certainly use some moisture.
The pastor's wife did get that vacation over the weekend, it seems that the Leveretts, accompanied by her mother, Mrs. Tanner, went to Dallas on a combination pleasure and business trip.
The services Sunday were conducted by a team of young folks from Central Avenue Baptist, in Hamlin, Terry Sutton did the preaching, Larry

Braley did the singing, with Mrs. Barbara Embry Shipp at the piano. Other visitors with the group were Mr. Shipp and another boy whose name we did not learn, as we were absent ourselves.
Mr. and Mrs. Flavil Holmes went to Abilene Saturday to the home of his sister, Mr. and Mrs. Ray Herrill, to get Mr. Holmes mother, Mrs. Alma Holmes, who is visiting for a while with them. She was in church Sunday morning.
Visiting with the Fred Rosenbaums were their children, Mr. and Mrs. Joe R. Rosenbaum, of Pampa.
Mr. and Mrs. Roy Watts went to Monahans, Saturday, where they attended funeral services for Ira Watts, son of Mr. and Mrs. Hubert Watts, of that city, who was killed while riding a motor scooter. Mr. and Mrs. Elmer Joiner

went to Lubbock, Saturday and returned Sunday, visiting with his sister, Mr. and Mrs. Henry Kee. Also visitors of the Kee's were their daughter, Mr. and Mrs. Delbert Martindale, Marlin, Brian and Blake, from Beeville.
Enroute to Lubbock Saturday afternoon, we visited in Crosbyton, with the sheriff of Crosby County, Fletcher Stark, who was seriously wounded July 4th, when shot by a 15-year-old Latin American boy. Mr. Stark is recovering enough to be out in his car some, but still has quite a bit to go yet before he is fully recovered. It seems that he had worn his gun for the first time Saturday afternoon, and even though he is the law in the county, his wife almost whipped him for she knew he wasn't up to wearing it, and she has really had some anxious times the last two months.
The county is building new living quarters for the sheriff's family, on to the jail, and also remodeling the jail, in Crosby county. While we were on a tour with Mr. and Mrs. Stark of their future new quarters I remarked that I had never seen inside a jail. As all their prisoners were in Lubbock for the remodeling project to be finished, we all went up in the jail where I got my first

The Anson Gin ginned the first bale free and paid 30 cents per pound. Tubbs will also receive another bonus, the \$50 given for the first bale at the Compress. look at the cells and the way the prisoners have to live locked up behind the steel doors. One look is enough for me. I almost haven't slept since thinking of how terrible it must be to be locked up in one.

While reading a paper in Lubbock Sunday, came across a familiar face looking out of the paper, with the name of Rev. Derrell Lewis under it. The article was as follows: "The new pastor of Chapel Hill Baptist, the Rev. Derrell Lewis, will preach in a revival to be conducted Sept. 12-19 in that church. The Rev. Mr. Lewis was pastor of Mayfield Baptist Church, west of Hale Center, before becoming pastor of Chapel Hill church in the summer. Revival services will be conducted at 11 a.m. and 6 p.m. on Sunday and 7:30 p.m. daily on week days. Chapel Hill Baptist Church is located at Auburn and Mulberry streets in northwestern Lubbock. It is just off Loop 289 where it intersects Idalou highway."

Since Rev. Lewis was a former pastor of ours, we will all be proud for him to be doing so well in his ministry.
Visiting Mr. and Mrs. Henry last Tuesday were their son, Mr. and Mrs. Jimmy Henry, Judy and Cathy, from Midland.

Sunday afternoon guests were Mr. and Mrs. Bill Henry.
Saturday night Mr. and Mrs. Henry visited with Mr. and Mrs. Joe Ford.
Mr. and Mrs. Buck Joiner and children, came down from Odessa, for the weekend, to visit with his parents, the Elmer Joiners and hers, the Charlie Durhams.
Monday noon guests of the Joiners were the Buck Joiners and Jimmy Joiners, of Stamford.
Jimmy Wainwright was home from Sheppard Air Force Base, for a long weekend, but will be back Wednesday for a leave before an overseas assignment. He will report in California on Oct. 6, and will go from there to Hawaii.

Mrs. A. A. Wade is a patient at Methodist Hospital in Houston. She had surgery there Tuesday for a detached retina of the left eye. She and Mr. Wade went to Houston Saturday. No word has been received here since the operation.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

AUSTIN — Atty. Gen. Waggoner Carr came up with some interesting arguments in answer to the Federal suit which attacks the Texas poll tax.

Suit filed by the U. S. Justice Department seeks to get the poll tax ruled invalid as a requirement for voting. Contention is that the poll tax discriminates against Negroes. That isn't so, Carr argued Friday in a pre-trial hearing before U. S. District Judge Adrian Spears. Carr claimed that a survey this spring by the Southern Regional Council showed that 57.7 per cent of the Negroes in Texas eligible to vote paid poll taxes and registered to vote, but only 53.2 per cent of the Caucasians registered in that fashion.

Carr also contended that the \$1.50 State poll tax, levied in 1897 as a "head tax," was tied to the right to vote in 1902 not to keep Negroes from voting, but to assure collection of the head tax. He added that revenue from the present \$1.75 poll tax goes to the Available School Fund of the state, amounting to more than \$2,000,000 last year.

The Federal suit citation — which centers on an all-white Austin precinct — was filed under the new federal voting rights act. Carr noted that the U. S. Commission on Civil Rights in 1961 found no discriminatory disenfranchisement.

Poll tax procedure is the only form of voter registration in Texas. So, a Federal court invalidation of the poll tax would mean a special session of the Legislature for the purpose of enacting a new voter registration law.

Carr also asked the court to order U. S. Atty. Gen. Nicholas Katzenbach to clarify whether his suit is aimed at striking down requirements that only property owners may vote in bond elections.

ROBERT LEE DAM AUTHORIZED — First action of the new State Water Rights Commission was to solve a long-pending problem. It approved the Colorado River Municipal Water District's application to locate its next dam at Robert Lee in Coke County, instead of the earlier authorized site in Mitchell County.

Proposed dam will boost the water supply of Big Spring, Odessa, Snyder, Midland and other areas of West Texas.

Reservoir on the Colorado River will have a 489,000 acre-foot capacity with 40,000 acre feet of water annually diverted for municipal use, 8,000 acre feet for oil well flooding and 2,000 acre feet for industrial plants.

Commission specified that use must come first from existing Lake J. B. Thomas and total diversion from new dam and Lake J. B. Thomas will be limited to 73,000 acre feet a year.

LCRA General Manager Slim Gideon praised the commission's order and said the compromise would effect better use of Colorado River water.

Pipers Win Opener With Rotan, 18 to 6

The Pied Pipers opened up their 1965 football season Friday night with the Rotan Yellowhammers with a 18 to 6 win. The Pipers relied heavily on their senior quarterback Tommy Ferguson as he scored two of the touchdowns on runs of 19 yards and lone yard and was the night's leading round gainer with 71 yards in eight carries.

His cousin, Sammy Ferguson, put the clincher on with a 42 yard pass interception return in the fourth quarter.

Phillip Simpson was the workhorse in the Piper backfield, carrying 17 times for 59 yards. Scotty Brown was next with 22 yards in four carries. Stephen Baugh was top ball carrier for Rotan with 37 yards in eight trips.

Tommy Ferguson completed six of 12 passes for 57 yards with James Ledbetter on the receiving end for four for 40 yards.

The Pipers ran 32 plays in the first half to Rotan's 17. The second half was almost balanced with Hamlin having 26 plays and Rotan 24.

Joe Adams returned the opening kickoff 20 yards to the his own 32. The Pipers picked up a first down on the 43 but were forced to punt from midfield after picking up 8 yards.

Rotan gained 7 yards in two plays before fumbling with Hamlin recovering on the Yellowhammer 22.

Facing a fourth and 9 situation Ferguson connected with Ledbetter who made a diving catch at the seven for the first. The Piper offense stalled out as Ferguson was short a foot on fourth down. The Pipers held on defense and the Yellowhammers punted from the five with Hamlin taking over on the Rotan 47. A pass from Ferguson to Ledbetter and two carries by Simpson gave the Pipers a first on the 35. Ferguson connected with Milton Davis for 12 yards to the 23. Simpson carried to the 19 and then Ferguson bootlegged the ball around his left end for the score. The pass for the extra point fell incomplete and the Pipers owned a six point lead with nine minutes left in the first half.

After the kick off Rotan and Hamlin exchanged punts with Rotan returning Hamlin's punt 40 yards to the Hamlin 36. Baugh hit the middle for 14 yards and then again for 11. Edwards carried 4 yards to the 6 and Van Loon powered to the 3. Baugh went in for the score with three and half minutes left in the first half. The extra point try failed and the score was tied 6-6.

The Pipers returned the kickoff to their 31 and then moved the ball down to the Rotan 19 before Ferguson's pass was intercepted on the 17. Rotan ran two plays before the half ended.

Adams returned the second half kick off to the Hamlin 34 with Simpson carrying twice for 8 and 9 yards to the 49. Adams was dropped back a yard and Warner caught a 5 yard pass and then Ferguson bootlegged around his left end for the first down at the Rotan 34. Warner lost 2 and Simpson gained 2 before Ferguson connected with Ledbetter for a 13 yard gain to the 21. Adams carried for 1 and Simpson 11 to the 9 yard line. Ferguson lost three and failed to connect with a pass before carrying for 11 yards to the one foot line. He carried in on the sneak on the next play. The extra point try was shy and the Pipers again owned a six point lead with three and half minutes left in the third period.

Hamlin recovered a third down fumble after the kickoff but failed to make the first and punted. Rotan could not move the ball and punted back with Hamlin moving to the Rotan 21 before giving up the ball on downs.

Rotan moved out to the 39 in two plays before Tompkins took to the air only to have Sammy Ferguson intercept and return 42 yards for the score. The extra point try failed again and the Pipers lead 18-6.

Rotan drove from their 35 to the Hamlin five yard line in 14 plays before losing the ball on downs. Hamlin ran the clock out with two plays to end the game.

Neinda Philosopher Claims Figures Prove Patients Get Well Faster As Medical Costs Increase

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 gets twisted up in some statistics this week, his letter reveals.

Dear editor:

The main thing you can say for statistics is that they furnish work for the people who compile them.

A couple of items I read in a newspaper last night got me to thinking about this.

One said that the government now considers a man is living in poverty if his income is below \$3,000 a year, but it didn't say whether it was talking about a man and his wife living in a house in the country with a garden and an income of \$2995 a year, or a man in the city with \$2995 and ten kids and two brothers-in-law. Maybe both of them are poverty-stricken, but one of them sure is more stricken than the other.

The other statistic said it has now been established that the average hospital stay is only half as long as it was 25 years ago. The average stay in 1938 was 14 days and today it is 7.7 days.

The group putting out this statistic said the reduction was due to better medicines, new equipment and improved treatment.

What the statistic failed to mention was that the cost of a hospital stay has more than doubled in 25 years.

Joe E. Ford Grand Jury Foreman

Joe E. Ford of Hamlin is foreman of the grand jury in 104th District Court which was sworn in and charged Tuesday by Judge Owen Thomas. The group went into session immediately to weigh evidence in cases presented by District Attorney Richard Price.

Others on the grand jury are: Mrs. L. C. Bonds, Hamlin; Mrs. W. L. Byrd, Rt. 1, Avoca; Mrs. Mary Hicks, Rt. 1, Hawley; A. V. Womack, Anson; I. O. Hughes, Stamford; Mrs. Weldon Johnson, Rt. 1, Hawley; Mrs. J. O. Calhoun, Stamford; Ira Treadwell, Stamford; Jake Hollis, Rt. 2, Anson; James High, Stamford; Tommie Wood, Hawley.

There is no doubt that medicines, equipment and treatment have improved, but I was just thinking, you reckon the fact it costs twice as much now has anything to do with a man's cutting his hospital stay in half?

Now a good man at statistics could take this and figure out that if you doubled the costs of hospitalization you half the length of stay, then if you doubled the cost again you half the length of stay

As It Looks From Here...

Omar Burleson, M. C. 17th District, Texas

Washington, D. C. Visitors in a Congressman's Office, callers on the telephone, and even letter writers often apologize for interrupting his busy schedule. Let those who think this is the case take comfort from Senate Majority Leader Mike Mansfield's recent comment, "There is no reason at all these bills should be passed this year."

The comfort may be brief, but these are wise words.

There is no good Reason for the rush in Congress. The Nation would be better off if its lawmakers could, somehow, pause and reflect on the totality of their efforts instead of turning out such a mass of legislation.

This Congress has thus far constructed the greatest colossus of government in its history. Such notable bills as Aid to Appalachia, Medicare, Housing, Mass Transit, Made-Work Legislation, and the Aid to Education, encompass about anything which can be thought of including subsidies to the arts and humanities.

Hardly any area of the citizen's life is left out of the Federal purview, and if it is not already included, then prospects are it will be.

Program created by the fancy of lawmakers are bound to grow in size, bureaucratic control and confusion and cost.

The customary response to this kind of action is that Congress is only doing that which the people want and have so indicated by their votes. This may be true, as it was with the Romans, but there is also some evidence that a great many people wish

again, so that finally, if you got the cost high enough, nobody would show up at the hospital and the statistical news could be announced that for the first time in history nobody is confined to a hospital and there fore the nation is 100 percent healthy.

To keep them from going to waste, the hospitals could then be used to confine the statisticians.

Yours faithfully,
J. A.

they knew the way to turn off the faucet and stop the flood of good things being thrust upon them.

Even if it were true that the majority of the electorate is pining for this new profusion of Government, Congress could still have the responsibility of considering the legislation far more carefully than it does, especially of considering its prospective cost.

There is material reason to believe that the Viet Nam conflict could add at least \$12 billion to expenditures in the coming year. There is little choice but to provide this money. There is a choice, however, in matters which are not so vital.

Of the many domestic programs which pump billions into our domestic economy, there can be no other result than inflation, which in turn means an increase in the cost of living which in turn saps all other benefits of a prosperous economy.

There can be no perpetual prosperity through perpetual budget deficits.

It seems all too common to ignore the fact that the nation's resources are limited and must be allocated. No magic in the new economics can change this basic fact.

The Congress and the Administration must eventually find out they are burdening the people with an oppressive new saturation, and should see that trying to do everything at once is a course filled with incalculable risk. It is one thing to meet a threat against our nation security at whatever cost but no idle joke that a purulent Congress can be the best kind.

Commissioners to Discuss Sharing Cost of Probation Officer, Hold Budget Hearing At Monday Meeting

Jones County Commissioners, when they meet in their regular monthly session Monday, will be asked to approve a tri-county plan which will provide the county with a probation officer to meet the requirements of a new law.

At a meeting in Abilene last week, County Judge Leon Thurman, Taylor County Judge Roy Skaggs and Judge Byron Richardson of Callahan County worked out a proposal whereby Jones and Callahan counties would share the cost of Taylor County probation officer, Richard Keathley.

The proposal calls for Jones and Callahan counties each to pay \$50 a month until Jan. 1, with this money being used to employ secretarial help for Mr. Keathley. It was felt that the present officer could look after the added probationers until the first of the year with this help.

A law became effective on Aug. 30 which called for an adult probation officer in misdemeanor cases. On Jan. 1, another law will become effective, this one calling for a probation officer in felony or district court cases also.

It was estimated that work of the probation officer would

become much heavier at this time and an assistant likely would be needed. Total cost of the two officers would run an estimated \$12,000 to \$15,000. This cost would be divided among the three counties on the basis of population, Judge Thurman explained.

Using this formula, Jones County would have to pay 15.4 per cent of the total; Callahan, 6.18 per cent, and Taylor, 78.78 per cent. This would mean, based on the \$12,000 figure, that Jones County would pay \$1800 per year. There may also be a matter of travel expenses, the judge said.

Bridge Winners

Jack Russell and Mrs. W. O. Wilbanks were first place winners at the Tuesday evening meeting of Hamlin Duplicate Bridge Club. Harvey Elkins and Mrs. Jack Russell were second and Mr. and Mrs. Cliff Reynolds Jr. were third.

MRS. KENNETH RIDDLE
... to head annual drive

By Mrs. Elmer Joiner
The last holiday of the summer has come and gone, everyone will be settling down to the fall grind now, children will be in school, harvest time will soon be here for the farmers. From the way it looks now that will not be too bountiful, but the less you make the more important it is to you.
No rain has fallen yet, at least those needing to plant winter grazing could certainly use some moisture.
The pastor's wife did get that vacation over the weekend, it seems that the Leveretts, accompanied by her mother, Mrs. Tanner, went to Dallas on a combination pleasure and business trip.
The services Sunday were conducted by a team of young folks from Central Avenue Baptist in Hamlin, Terry Sutton did the preaching, Larry

Braley did the singing, with Mrs. Barbara Embry Shipp at the piano. Other visitors with the group were Mr. Shipp and another boy whose name we did not learn, as we were absent ourselves.
Mr. and Mrs. Flavil Holmes went to Abilene Saturday to the home of his sister, Mr. and Mrs. Ray Herrill, to get Mr. Holmes' mother, Mrs. Alma Holmes, who is visiting for a while with them. She was in church Sunday morning.
Visiting with the Fred Rosenbaums were their children, Mr. and Mrs. Joe R. Rosenbaum, of Pampa.
Mr. and Mrs. Roy Watts went to Monahans, Saturday, where they attended funeral services for Ira Watts, son of Mr. and Mrs. Hubert Watts, of that city, who was killed while riding a motor scooter. Mr. and Mrs. Elmer Joiner

went to Lubbock, Saturday and returned Sunday, visiting with his sister, Mr. and Mrs. Henry Kee. Also visitors of the Kee's were their daughter, Mr. and Mrs. Delbert Martindale, Marlin, Brian and Blake, from Beeville.
Enroute to Lubbock Saturday afternoon, we visited in Crosbyton, with the sheriff of Crosby County, Fletcher Stark, who was seriously wounded July 4th, when shot by a 15-year-old Latin American boy. Mr. Stark is recovering enough to be out in his car some, but still has quite a bit to go yet before he is fully recovered. It seems that he had worn his gun for the first time Saturday afternoon, and even though he is the law in the county, his wife almost whipped him for she knew he wasn't up to wearing it, and she has really had some anxious times the last two months.
The county is building new living quarters for the sheriff's family, on to the jail, and also remodeling the jail, in Crosby county. While we were on a tour with Mr. and Mrs. Stark of their future new quarters I remarked that I had never seen inside a jail. As all their prisoners were in Lubbock for the remodeling project to be finished, we all went up in the jail where I got my first

LOCAL COMPRESS RECEIVES FIRST BALE — Cecil Richardson, left, manager of Hamlin Farmer's Compress is shown with Howard Roberts, center, manager of the Anson Gin, and Bill Tubbs, right, of near Anson, producer of the first bale received at the Compress here. The Anson Gin ginned the first bale free and paid 30 cents per pound. Tubbs will also receive another bonus, the \$50 given for the first bale at the Compress. The 2080 pounds of cotton was produced from six acres and weighed out 500 pounds of cotton and 840 pounds of seed.

look at the cells and the way the prisoners have to live locked up behind the steel doors. One look is enough for me. I almost haven't slept since thinking of how terrible it must be to be locked up in one.
While reading a paper in Lubbock Sunday, came across a familiar face looking out of the paper, with the name of Rev. Derrel Lewis under it. The article was as follows: "The new pastor of Chapel Hill Baptist, the Rev. Derrel Lewis, will preach in a revival to be conducted Sept. 12-19 in that church. The Rev. Mr. Lewis was pastor of Mayfield Baptist Church, west of Hale Center, before becoming pastor of Chapel Hill church in the summer. Revival services will be conducted at 11 a.m. and 6 p.m. on Sunday and 7:30 p.m. daily on week days. Chapel Hill Baptist Church is located at Auburn and Mulberry streets in northwestern Lubbock. It is just off Loop 289 where it intersects Idalou highway."
Since Rev. Lewis was a former pastor of ours, we will all be proud for him to be doing so well in his ministry.
Visiting Mr. and Mrs. Henry last Tuesday were their son, Mr. and Mrs. Jimmy Henry, Judy and Cathy, from Midland.

Sunday afternoon guests were Mr. and Mrs. Bill Henry.
Saturday night Mr. and Mrs. Henry visited with Mr. and Mrs. Joe Ford.
Mr. and Mrs. Buck Joiner and children, came down from Odessa, for the weekend, to visit with his parents, the Elmer Joiners and hers, the Charlie Durhams.
Monday noon guests of the Joiners were the Buck Joiners and Jimmy Joiners, of Stamford.
Jimmy Wainscott was home from Sheppard Air Force Base, for a long weekend, but will be back Wednesday for a leave before an overseas assignment. He will report in California on Oct. 6, and will go from there to Hawaii.

Mrs. A. A. Wade is a patient at Methodist Hospital in Houston. She had surgery, there Tuesday for a detached retina of the left eye. She and Mr. Wade went to Houston Saturday. No word has been received here since the operation.

MR. AND MRS. JOE FORD
... to be honored Sunday afternoon

Joe Fords to Honored Sunday

Mr. and Mrs. Joe Ford, Route 1, will be honored Sunday afternoon, Sept. 12, with a tea in the home of a son, Joe E. Ford on Southwest Avenue J in observance of their Golden Wedding Anniversary. The couple's children will be hosts for the event from two to four p.m.

Mr. and Mrs. Ford were married Sept. 11, 1915, in Bosque County where they had met the year before. The wedding took place on the

bank of the Brazos River. The couple had to change their wedding plans when the river was too high for them to cross in the surrey. Mrs. Ford's brother-in-law, John Hulme, crossed the river on horseback and went for the preacher and he conducted the wedding ceremony there.

Mrs. Ford, the former Lot-tie Hicks, was born May 26, 1898, in Smithbend in Bosque County. He was born Aug. 11, 1897, in Coyote, also in Bosque County.

Mr. Ford has always been a farmer and the family has lived in Bosque County, Whitney, Malone, Stamford and Avoca before coming to the Hamlin area in 1927. They moved near Hamlin just before their son, Douglas, the youngest, of eleven children, seven boys and four girls, was born.

In 1934 the Fords moved to their present home, six miles East of Hamlin.

They are members of Fair-view Baptist Church and former members of Woodmen of the World.

The couple's children are Eudell Ford of Lamesa; Mrs. W. R. (Inez) Pennington, Dodge City, Kansas; Mrs. D. L. (Nina) Leib, Portales, N. Mex.; H. L. Ford; Bill Ford of Abilene; Mrs. W. R. (Wan-

DO YOU RECALL.....

THOSE WONDERFUL

YEARS....

They shall abundantly utter the memory of thy great

goodness... The Lord has

blessed us with children and

now grandchildren. Our lives,

and now theirs have been

molded in the church. One

generation shall praise

thy works to another, and shall

declare thy mighty acts. Pass

on this priceless heritage to

your children and

grandchildren.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN — Atty. Gen. Waggoner Carr came up with some interesting arguments in answer to the Federal suit which attacks the Texas poll tax.

Suit filed by the U. S. Justice Department seeks to get the poll tax ruled invalid as a requirement for voting. Contentions are that the poll tax discriminates against Negroes.

That isn't so, Carr argued Friday in a pre-trial hearing before U. S. District Judge Adrian Spears. Carr claimed that a survey this spring by the Southern Regional Council showed that 57.7 per cent of the Negroes in Texas eligible to vote paid poll taxes and registered to vote, but only 53.2 per cent of the Caucasians registered in that fashion.

Carr also contended that the \$1.50 State poll tax, levied in 1837 as a "head tax," was tied to the right to vote in 1902 not to keep Negroes from voting, but to assure collection of the head tax. He added that revenue from the present \$1.75 poll tax goes to the Available School Fund of the state, amounting to more than \$2,000,000 last year.

The Federal suit citation — which centers on an all-white Austin precinct — was filed under the new federal voting rights act. Carr noted that the U. S. Commission on Civil Rights in 1961 found no discriminatory disenfranchisement.

Poll tax procedure is the only form of voter registration in Texas. So, a Federal court invalidation of the poll tax would mean a special session of the Legislature for the purpose of enacting a new voter registration law.

Carr also asked the court to order U. S. Atty. Gen. Nicholas Katzenbach to clarify whether his suit is aimed at striking down requirements that only property owners may vote in bond elections.

ROBERT LEE DAM AUTHORIZED — First action of the new State Water Rights Commission was to solve a long-pending problem. It approved the Colorado River Municipal Water District's application to locate its next dam at Robert Lee in Coke County, instead of the earlier authorized site in Mitchell County.

Proposed dam will boost the water supply of Big Spring, Odessa, Snyder, Midland and other areas of West Texas.

Reservoir on the Colorado River will have a 489,000 acre-foot capacity with 40,000 acre feet of water annually diverted for municipal use. 8,000 acre feet for oil well flooding and 2,000 acre feet for industrial plants.

Commission specified that use must come first from existing Lake J. B. Thomas and total diversion from new dam and Lake J. B. Thomas will be limited to 73,000 acre feet a year.

LCRA General Manager Sim Gideon praised the commission's order and said the compromise would effect better use of Colorado River water.

Pipers Win Opener With Rotan, 18 to 6

The Pied Pipers opened up their 1965 football season Friday night with the Rotan Yellowhammers with a 18 to 6 win. The Pipers relied heavily on their senior quarterback Tommy Ferguson as he scored two of the touchdowns on runs of 19 yards and lone yard and was the night's leading round gainer with 71 yards in eight carries.

His cousin, Sammy Ferguson, put the clincher on with a 42 yard pass interception return in the fourth quarter.

Phillip Simpson was the workhorse in the Piper backfield, carrying 17 times for 59 yards. Scotty Brown was next with 22 yards in four carries. Stephen Baugh was top ball carrier for Rotan with 37 yards in eight trips.

Tommy Ferguson completed six of 12 passes for 57 yards with James Ledbetter on the receiving end for four for 40 yards.

The Pipers ran 32 plays in the first half to Rotan's 17. The second half was almost balanced with Hamlin having 26 plays and Rotan 24.

Joe Adams returned the opening kickoff 20 yards to the his own 32. The Pipers picked up a first down on the 43 but were forced to punt from midfield after picking up 8 yards.

Rotan gained 7 yards in two plays before fumbling with Hamlin recovering on the Yellowhammer 22.

Facing a fourth and 9 situation Ferguson connected with Ledbetter who made a diving catch at the seven for the first. The Piper offense stalled out as Ferguson was short a foot on fourth down. The Pipers held on defense and the Yellowhammers punted from the five with Hamlin taking over on the Rotan 47. A pass from Ferguson to Ledbetter and two carries by Simpson gave the Pipers a first on the 35. Ferguson connected with Milton Davis for 12 yards to the 23. Simpson carried to the 19 and then Ferguson bootlegged the ball around his left end for the score. The pass for the extra point fell incomplete and the Pipers owned a six point lead with nine minutes left in the first half.

After the kick off Rotan and Hamlin exchanged punts with Rotan returning Hamlin's punt 40 yards to the Hamlin 36. Baugh hit the middle for 14 yards and then again for 11. Edwards carried 4 yards to the 6 and Van Loon powered to the 3. Baugh went in for the score with three and half minutes left in the first half. The extra point try failed and the score was tied 6-6.

The Pipers returned the kickoff to their 31 and then moved the ball down to the Rotan 19 before Ferguson's pass was intercepted on the 17. Rotan ran two plays before the half ended.

Adams returned the second half kick off to the Hamlin 34 with Simpson carrying twice for 8 and 9 yards to the 49. Adams was dropped back a yard and Warner caught a 5 yard pass and then Ferguson bootlegged around his left end for the first down at the Rotan 34. Warner lost 2 and Simpson gained 2 before Ferguson connected with Ledbetter for a 13 yard gain to the 21. Adams carried for 1 and Simpson 11 to the 9 yard line. Ferguson lost three and failed to connect with a pass before carrying for 11 yards to the one foot line. He carried in on the sneak on the next play. The extra point try was shy and the Pipers again owned a six point lead with three and half minutes left in the third period.

Hamlin recovered a third down fumble after the kickoff but failed to make the first and punted. Rotan could not move the ball and punted back with Hamlin moving to the Rotan 21 before giving up the ball on downs.

Rotan moved out to the 39 in two plays before Tompkins took to the air only to have Sammy Ferguson intercept and return 42 yards for the score. The extra point try failed again and the Pipers lead 18-6.

Rotan drove from their 35 to the Hamlin five yard line in 14 plays before losing the ball on downs. Hamlin ran the clock out with two plays to end the game.

Neinda Philosopher Claims Figures Prove Patients Get Well Faster As Medical Costs Increase

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 gets twisted up in some statistics this week, his letter reveals.

Dear editor:

The main thing you can say for statistics is that they furnish work for the people who compile them.

A couple of items I read in a newspaper last night got me to thinking about this.

One said that the government now considers a man is living in poverty if his income is below \$3,000 a year, but it didn't say whether it was talking about a man and his wife living in a house in the country with a garden and an income of \$2995 a year, or a man in the city with \$2995 and ten kids and two brothers-in-law. Maybe both of them are poverty-stricken, but one of them sure is more stricken than the other.

The other statistic said it has now been established that the average hospital stay is only half as long as it was 25 years ago. The average stay in 1938 was 14 days and today it is 7.7 days.

The group putting out this statistic said the reduction was due to better medicines, new equipment and improved treatment.

What the statistic failed to mention was that the cost of a hospital stay has more than doubled in 25 years.

Joe E. Ford Grand Jury Foreman

Joe E. Ford of Hamlin is foreman of the grand jury in 104th District Court which was sworn in and charged Tuesday by Judge Owen Thomas. The group went into session immediately to weigh evidence in cases presented by District Attorney Richard Price.

Others on the grand jury are: Mrs. L. C. Bonds, Hamlin; Mrs. W. L. Byrd, Rt. 1, Avoca; Mrs. Mary Hicks, Rt. 1, Hawley; A. V. Womack, Anson; I. O. Hughes, Stamford; Mrs. Weldon Johnson, Rt. 1, Hawley; Mrs. J. O. Calhoun, Stamford; Ira Treadwell, Stamford; Jake Hollis, Rt. 2, Anson; James High, Stamford; Tammie Wood-Hawley.

There is no doubt that medicines, equipment and treatment have improved, but I was just thinking, you reckon the fact it costs twice as much now has anything to do with a man's cutting his hospital stay in half?

Now a good man at statistics could take this and figure out that if you doubled the costs of hospitalization you half the length of stay, then if you doubled the cost again you half the length of stay

As It Looks From Here...

Omar Burleson, M. C. 17th District, Texas

Washington, D. C.- Visitors in a Congressman's Office, callers on the telephone, and even letter writers often apologize for interrupting his busy schedule. Let those who think this is the case take comfort from Senate Majority Leader Mike Mansfield's recent comment, "There is no reason at all these bills should be passed this year."

The comfort may be brief, but these are wise words.

There is no good Reason for the rush in Congress. The Nation would be better off if its lawmakers could, somehow, pause and reflect on the totality of their efforts instead of turning out such a mass of legislation.

This Congress has thus far constructed the greatest colossus of government in its history. Such notable bills as Aid to Appalachia, Medicare, Housing, Mass Transit, Made-Work Legislation, and the Aid to Education, encompass about anything which can be thought of including subsidies to the arts and humanities.

Hardly any area of the citizen's life is left out of the Federal purview, and if it is not already included, then prospects are it will be.

Program created by the fancy of lawmaking are bound to grow in size, bureaucratic control and confusion and cost.

The customary response to this kind of action is that Congress is only doing that which the people want and have so indicated by their votes. This may be true, as it was with the Romans, but there is also some evidence that a great many people wish

again, so that finally, if you got the cost high enough, nobody would show up at the hospital and the statistical news could be announced that for the first time in history nobody is confined to a hospital and there fore the nation is 100 percent healthy.

To keep them from going to waste, the hospitals could then be used to confine the statisticians.

Yours faithfully,
J. A.

they knew the way to turn off the faucet and stop the flood of good things being thrust upon them.

Even if it were true that the majority of the electorate is pining for this new profusion of Government, Congress could still have the responsibility of considering the legislation far more carefully than it does, especially of considering its prospective cost.

There is material reason to believe that the Viet Nam conflict could add at least \$12 billion to expenditures in the coming year. There is little choice but to provide this money. There is a choice, however, in matters which are not so vital.

Of the many domestic programs which pump billions into our domestic economy, there can be no other result than inflation, which in turn means an increase in the cost of living which in turn saps all other benefits of a prosperous economy.

There can be no perpetual prosperity through perpetual budget deficits.

It seems all too common to ignore the fact that the nation's resources are limited and must be allocated. No magic in the new economics can change this basic fact.

The Congress and the Administration Must eventually find out they are burdening the people with an oppressive new saturation, and should see that trying to do everything at once is a course filled with incalculable risk. It is one thing to meet a threat against our nation security at whatever cost but no idle joke that a prudent Congress can be the best kind.

Old Glory School does not have a sophomore class this year.

The Junior and Senior classes of Old Glory High School work together as the Annual Staff to produce a yearbook for the school once every two years.

The groups have been selling ads to finance the book to be produced this year and are making other arrangements to

begin actual work.

Editors are Danny Lammett and Stephanie Letz, business managers and Danny Letz and Judy White; Rhonda Baitz, Francell Boles and Marvin Vahlenkamp are typists; Gary Moore and Manuel Castro are layout editors; Joe Mack Boles and Jerry Hahn are sports editors; Mike Baldree and Clifford Gholson are snapshot editors and Larry Flow is activities editor. Sponsors working with the Annual Staff are Jerry D. Johnson, Tom Pritchard and Delwin Whitmire.

Travis Bell, Old Glory farmer, ginned the first three bales of cotton here last Saturday.
